# HEALTHY WEIGHT LOSS

“I've been taking NAD since the start of Ramadan – a time when Muslims fast and do not eat or drink anything between sunrise and sunset. NAD has really helped my energy levels; previous years I used to feel tired and dehydrated. What is also wonderful is that the first two days of my period are usually painful, but it hasn't been that bad since I started taking NAD. I take NAD before sunrise (Sehri) with warm water.”
